

COLLAPSIBLE / FOLD-DOWN BOLLARDS

MANUAL ACCESS CONTROL | LOCKABLE | SURFACE MOUNT

QUICKLY ALLOW OR RESTRICT VEHICLE ACCESS

Hinged steel bollards fold approximately 90 degrees to allow vehicle access, then return upright to restrict entry.

LOW-PROFILE FOLDED POSITION

LOCKING / HINGE DETAIL

KEY FEATURES

- Two-direction hinged bollard folds to approximately 90 degrees
- Heavy-duty steel construction
- Durable safety-yellow powder-coated finish
- Easy surface-mount installation - no core drilling or excavation
- Lockable design for controlled access
- Round and square bollard styles available
