

MANUAL VEHICLE SWING BARRIER GATES

CONTROLLED ACCESS | DURABLE STEEL | HIGH VISIBILITY

SIMPLE, RELIABLE VEHICLE ACCESS CONTROL

Manual swing gates provide a visible physical barrier for commercial, industrial and restricted-access entrances.

KEY BENEFITS

- Manual operation - no power required
- High-visibility reflective markings
- Lockable closed position
- Durable welded steel construction
- Suitable for wide driveway openings

TYPICAL APPLICATIONS

- Industrial & commercial facilities
- Warehouses and service roads
- Private parking / restricted driveways
- Utility and infrastructure sites
- After-hours vehicle access control
